1974 BRIDGE — VOLUME 6
CLEVELAND COUNTY
TECHNICAL INSTITUTE
SHELBY, NORTH CAROLINA

with unhurried haste
spring gently dances along
following winter

are in

For everything there is a
season and a time for every matter
under heaven . . .

ECCLESIASTES 3:1

Open up your eyes and see the brand new day
A clear blue sky and brightly shining sun
Open up your ears and hear the breezes say
Everything that's cold and gray is gone
Open up your hands and feel the rain come down
Taste the winds and smell the flowers' sweet perfume
Open up your mind and let the light come in
The earth has been reborn and life goes on.

Girl watching?

And for my last wish, a 1974 4-speed, chrome handlebar, red tricycle.

Well, Jerry, how'd you rate that?

CCTI's Auto Body Repairs works wonders.

It's a shack! It's a barn! It's CT's snack shop!

So that's how the employees park!

Ah Ha! What are you hiding in the snack shop?

Aside from the fun . . .

. . . there is a time for serious study and work.

Angie Supplee, a registered nurse in Raleigh, spends her spare time traveling to other cities to help train HOTLINE volunteers. Angie was in Shelby in August to lecture at a workshop for prospective listeners.

HOTLINE
482-8305

CODAP — County Organization for Drug Abuse Prevention — is a non-profit community organization. It is not a law enforcement agency. The organization works with the community as a drug education facility. CODAP has been the major force behind many community projects, the most well-known being the HOTLINE. Anyone with any type of problem may call the HOTLINE and discuss their problem with a trained volunteer.

CODAP members here at Cleveland Tech are Mr. Matthews, Mr. Pullen, Mrs. McIntyre, Mrs. Kiser, and Denise Dillingham, president of the Student Advisory Committee.

I told you once, kid, only 25 refills!

Graduation — a goal we are all working toward. Although the Spring graduates of '73 are no longer active at CCTI, it is hoped that they will remember and use all they have learned here.

Silently the morning mist is lying on the water
Captive moonlight waiting for the dawn
Softly like a baby's breath a breeze begins to whisper
The sun is coming, quick you must be gone
Smiling like a super star the morning comes in sin
The promise of another sunny day
And all the flowers open up together in the sun
Do believe that summer's here to stay

The summer quarter begins with Mr. Pullen, Mr. Sherlin, and Mrs. Kiser assisting with orientation.

Could it be Shirley Jackson
incognito?

A lift a day keeps the doctor away!

One of the activities for summer students involved a barbecue which gave the students a chance to become better acquainted with their fellow classmates. Students and faculty members gathered in front of the snack shop for the occasion.

"I can't believe I ate the whole thing!"

Becky Cook, Learning Center Co-ordinator, assists students in obtaining their high school diplomas.

No, we're not in a barn anymore! We have remodeled and are now in a stable.

You devil you . . .

Cleveland Tech is a close knit society in itself; each part is dependent upon another. The students and the faculty work together to achieve a common goal.

Cecil Gilliatt, chairman of CCTI's Board of Trustees, delivers the commencement address at summer graduation, 1973.

Reflections on the water like shadows in my mind
Speak to me of passing days and nights and passing time
The falling leaves are whispering winter's on its way
I close my eyes remembering the warmth of yesterday
It's like a flame that September swallowed by the wind
And now that it's so sad to see the summer
And those beautiful colors are a lovely thing to see
If I could somehow make the change I think I'd let it be
But I'm not asking anybody asking me.

Students, staff, and visitors enjoyed the barbecue celebrating the ground-breaking of CCTI's new building site. Each member of the Board of Directors symbolically signified the beginning of construction on the new Vocational-Technical building.

Mrs. Alice Tigner, Cleveland Tech's librarian, is always available to help students locate books and magazines. Students are urged to use facilities and materials in the library to help them with their studies.

Perfect example of a square meal at CCTI.

Cleveland Tech's practical nursing students get on the job training at Cleveland Memorial Hospital. The students are given instruction in each department by highly skilled personnel. Thus they are prepared to work in any area of the hospital.

Mr. D. L. Hollaron, Jr., a representative of Dupont Company, was the guest of Mr. Hollifield's auto-body repair classes November 27 and 28. Mr. Hollaron showed the classes two films: "Before You Spray," and "Matching Metallic Paints." After the films, Mr. Hollaron reviewed basic points set forth and answered questions.

It's cold and it's getting colder
It's gray and white and winter all around
And oh I must be getting older
All this snow is trying to get me down
There's a fire in the corner slowly dying'
Sometimes I just don't feel like goin' on
And yet I know it's more than worth the waiting
For another chance to see the summer sun.

Cleveland Tech's own Santa Claus!

Clothing Construction, one of CCTI's new programs, seems to be enjoyed by all. But Ms. Daniels, the instructor, was camera shy!

CCTI's police science students tour the law enforcement center in Charlotte, N.C.

The LPN and Welding curricula are well established and quite popular at CCTI.

Administrative offices make good classrooms. Right, Mrs. Meade?

Now remember, folks—all work and no play makes Jack a dull boy and Jill a dull girl.

No, it's not surrealism; it's simply a night shot of CCTI's new building.

The first home of the annual staff . . .

... and we moved three more times before finally settling in the electrical class. Our materials were walked on, shuffled around, thrown away, and lost. But we made it! Special thanks to Ray Gantt's moving crew. And of course, we mustn't leave out Elwin Stillwell, our technical assistant and confidant.

Beth Roberts

You are May
your laughing flower
poke with me
and are enough
for now

Margie Wright

are June
little bird songs
frog croaks
strange harmony

You are July
your warm tide
caresses my beach
and rolls back
with some of my sand

Rhonda Crawford

You are August
your heavy heat
shimmers
in little waves
before my eyes

Debra Webber

You are September
your changing breeze
whispers
cool promises
to my sunburned ears

Candy Melton

Patty Neal

You are October
your crisp colors
refresh me
delight me
and baffle me

Janet Lyle

You are November
your burning leaves
fill my air
with sentimental regret
for something lost

Denise Dillingham

You are December
your happy children
and joyful music
wrap you with ribbons
to give to me

Elizabeth Brooks

You are January
your newness
catches me offguard
I keep writing
last year's date

Cheryl Schlatter

You are February
your gray icicles
hang
from the edges
of my mind

THE EVIDENCE

THE BLACKMAIL LETTER

Mr. Matthews,

We demand a new annual room — relatively warm, clean, free of bugs and mice (and no bread hanging from the ceiling), where we can work undisturbed AND \$200 (we think that's all you can afford right now — aren't we sweet?) placed between pages 43 and 44 of the telephone book in the booth at the South end of the book store before noon Tuesday, January 22, OR we will send the original "playboy style" of the enclosed photo to your wife. Does she know of your Scouting around in the Scout??

The Notorious "Bridge" Bunch

P.S. We have the negatives in a safe deposit box, so don't try anything funny — O.K.? O.K.!

THE BALLAD OF HARRY MATTHEWS

THE PAY-OFF

THE
END

Thanks for helping us with the joke, Mr. M.

CAMP SITE

Ms. Leah Elmore, one of CCTT's first female brickmasons, shows that the brickmason trade is not just for men. RIGHT ON!!
